

Editorial Excellence

WITH a combined editorial experience of 100+ years, the editorial team at **ASEANAFFAIRS** with correspondents and representatives in all the Asean countries gathers news reports, press releases and tons of information daily on Southeast Asia at its Headquarters in Bangkok. A majority of the daily information is published on our Daily Online global edition- **ASEANAFFAIRS.COM** The bi-monthly magazine benefits from this enormous amount of information- which our editorial team digests & dissects and then with a forward looking outlook puts together the content for the magazine so that by the time the issue reaches the newsstands, many of the happenings would be in the spotlight and unfolding fully for the reader to benefit by having a better understanding of the events thanks to our timely reporting and analysis.
